The Murderers are to be Brought to Utah.

Washington, 21.—An important meeting tooks place at the interior department to-day, in which the Colorado delegation in Congress, General Adams and Ouray, Jack, Wash and Sowerwick participated. Schurz laid an injunction of secrecy upon all members of the conference, so that the details of the meeting cannot be had. It is understood, however, that the land question was theroughly talked over and an agreement was reached which was satisfactory to all present, except Senator Teller. This agreement is that the Utes of Southern Colorado shall be removed to Grand Rives Valley, in the western part of the state. The White River Utes are to be removed to Uintah reservation, Utah. Belford and Teller were, at the outset, hestile to this arrangement, but Belford now seems to be satisfied with his vote. The secretary of the interior is a fraid that the publication of that portion of the deliberations of the conference relating to the final disposal of the Indians Paid In Capital, - \$200,000 Surplus, - - - \$50,000 uys and Sells Exchange on New York, Sa Francisco, Chicago, St. Louis, Omaha London and principal Continental Cities.

afraid that the publication of that portion of the deliberations of the conference relating to the final disposal of the Indians themselves will not be well received in Colorado, as the people of that state will not be pleased at any strangement which fails to remove the Indians entirely from the state. It is believed the Utes will accept the settlement decided on to day, and it is intended to send some one to the Indian country to got the signatures of three-quarters of the Utes to the agreement.

Story of a Second Freeman Adventist.

Chicago, 21.— Tribune's Dubuquet Great excitement prevails at Newhampton, Lowa, over a supposed horrible murder. An Adventat preacher named Elder Bock resides near there said makes a living by revealing secrets confided to him by spirits. One day last fall, a neighbor hearing screams from the house of Buck and seeing his wife wringing her hands in agony, looked through the door and saw Buck beating his young son, who was tied to the bed. Since that time this hop has been missing, and as Buck belongs to the same class of religious fanaties as Freeman, of Massachusetts, it is believed he sacrificed the boy. Mrs. Buck declares the boy ran away. Buck has fied from the neighborhood, and the citizens are making an investigation.

San Francisco, 22.—Concerning the sale of 50,000 shares of Central Pacific stock to a syndicate of eastern capitalists, Governor Stanford, yesterday, said to an Alta reporter: I do not know that the sale will cause any change of policy. The samount sold is not such as to indicate any change in the control of the line. The stock was sold without any special object in view, but simply in accordance with a desire of the stock has been on the board before, but I do not know that any was sold. I would like to see out own people take the stock and keep it at home. The road is in such a condition as to pay 6 per cent, per annum without any frouble. By disposing of the stock into a number of hands there will be a larger number of persons taking active interest in the company.

Raiding the Roughs.

New York, 22—Police are unusually active raiding disorderly houses recently. Following closely upon the puiling of Allen's notorious place, five disreputable houses were closed yesterday. The notorious Harry Hill was arrested resterday, and the judge plainty informed Hill that if his house was kept open while he was on bail, he would be rearrested. The well known gambling house \$15 Broadway, was also "pulled" and the occupants locked up. William Hastings, better known as "Dublin Tricks" furnished hall bonds. In his examination as to qualification he confessed that he owned ten places in the city, one of which, near Five Points, was valued at \$40,000.

Frightful Flood.

Panama, 13.—Canea Valley was dovastated by the recent flo ds. The river rose yards above the highest point here-totore known, inundating the country for about three miles, sweeping away villiages, crops, cattle, goals and horses. Some human life was also lost. As the waters begun to subside farmers in boats endeavored to gather the cocoa crop remaining in the trees. They had to go armed to protect themselves sgainst immense snakes which had been driven endeavored to gather the coops crop re-maining in the trees.
